Context: WIOA emphasis on job-driven approach and current trend of grantors requiring intensive participation by business in new initiatives, e.g., work experience, OJT, internships, commitment to interview, etc.
- What are the incentives for business to partner with the public sector (workforce development, schools/colleges, training providers), e.g., in industry consortia, in grant applications? Disincentives?
 - What is the value added for industry?
 - How can we convincingly frame what we do as a joint effort of business and workforce development/education?
 - How do we identify/develop industry champions?
 - Should these partnerships be employer-led? How can we facilitate this?
- 9:00 Rechartering of Career Centers
