

Amendment IV

**Amendment to the RFP for WIOA Youth Program Provider(s)
Posted: March 16, 2018**

Questions received as of 3/16/18:

Q. We are submitting a proposal in which we will be providing all the components except for the 4 week training which we are partnering with another agency (through a financial agreement) and we are the lead agency. On page 7 of the RFP it states we need to provide the roles and responsibilities for each, an organizational chart for each, how funds will flow within the collaborative etc., in the narrative. Can we submit all of the above information as an attachment through the Memorandum of Agreement we will be attaching instead of in the narrative section?(we have a limit of 8 pages and all the information especially the organizational charts will take up a lot of space.)

A. Yes-that information can be submitted with an attached MOU

Q. On Attachment D, the Partnership form, should we be listing all the businesses that have agreed to do internships, job shadows, tours, mock interviews etc.(Please note that there is no financial agreement with any of this companies/businesses.

A. The Partnership form should be used to list any partners that will play a significant role in the development or implementation of the proposed program. Each program should use their discretion on which entities are listed on the Partnership Form.

Q. If we are a governmental organization, do we need to get a Certificate of Good Standing from DOR?

A. No, governmental organizations do not need to submit a Certificate of Good Standing from DOR.
